October at SIS Van Phuc

October has been another busy and enjoyable month at Singapore International School, Van Phuc, with plenty of opportunities for students, staff and families to connect as a school community.

PARENT TEACHER CONFERENCES

An important part of the month was our Parent Teacher Conferences. These meetings provide a valuable opportunity for parents and teachers to discuss student progress, celebrate achievements and identify areas where we can continue to support each child's learning and development.

Strong communication between home and school plays an important role in student success, and I would like to thank all of our parents who took the time to meet with teachers. I would also like to thank our teaching staff for the preparation and care that went into these conversations.

HALLOWEEN

October also brought some fun to the campus with our Halloween celebrations. It was wonderful to see the enthusiasm and creativity of our students as they joined in with the activities and celebrations. Events such as these are a great opportunity for students to enjoy time together and help build the positive sense of community that we want across Van Phuc.

SINGAPORE INTERNATIONAL SCHOOL

Alongside these events, students have continued to work hard in their classrooms and participate in the wider life of the school through swimming, After School Activities and the many learning experiences taking place across the campus.

Thank you, as always, to our families for your continued support and partnership. I look forward to another positive month of learning and growth at Van Phuc.
Michael Ogden

Principal
Singapore International School, Van Phuc

thank you

October

SENDING LOVE THROUGH THE PAGES, TREASURING MEMORIES AT SCHOOL

October gathers sunshine by the door,
Pages unfold, where love grows evermore.
Childhood wanders down each joyful way,
Holding autumn close through treasured school days.

October arrives with the gentle touch of autumn, pages filled with cherished memories beneath the roof of Singapore International School at Van Phuc.. October has been not only a journey of learning and discovery, but also one of personal growth - where every experience plants the seeds of gratitude, sharing and compassion in our students' hearts.

"THE WOMAN I LOVE"

Sharing love through the pages

In celebration of Vietnamese Women's Day on 20 October, the reading project "The woman I love" brought students closer to meaningful stories about their mothers, grandmothers, teachers and other special women in their lives.

Through every page they read, every innocent thought they shared and every heartfelt little message they created, students learned to express their gratitude, appreciate the sacrifices made for them and show their love through the simplest gestures.

Books do more than open doors to knowledge; they also teach our hearts to recognize and appreciate the beauty around us. Sometimes, the most valuable lesson at the end of a story is simply learning to cherish those who have always been by our side a little more.

Excursion

Following new paths and gathering moments of joy

The beauty of October was also captured in joyful excursions and memorable experiences shared with friends. At **KidZania**, students in Years 2 and 3 enthusiastically explored the world of careers through engaging role-play activities. For our Year 4 students, their experience at **Xpass** provided opportunities to challenge themselves, work together and strengthen their bonds with classmates.

SLIDE

Excursion

A particularly memorable experience awaited our Year 5 and 6 students at **Choi Workshop, B1 - Times City**, followed by an enjoyable time at **Lotty Friends**. The handmade gifts they carefully created for their mothers reflected not only their creativity and craftsmanship, but also the genuine affection behind every small detail.

After all, the most meaningful gifts do not always need to be elaborate. Sometimes, all they need is the loving heart of a child wishing to say, *"I love you."*

Keeping forever childhood memories

From the pages of books to journeys beyond the classroom, October offered our students far more than lessons and activities. It brought meaningful experiences in gratitude, teamwork, independence and the simple joy of discovering the world together.

We believe that education is not only about building knowledge, but also about nurturing the heart – helping every child grow into a kind and caring person who learns to appreciate the simple yet precious things around them.

We sincerely thank our parents for continuing to accompany and support the School throughout this journey. As October comes to an end, we hope our students will carry with them the memories of beautiful stories, handmade gifts for their mothers, laughter shared with friends and gentle autumn days spent at their beloved school.

October may come to an end, but the love will remain - in every page turned, every step of discovery and every precious memory of childhood.

Do Thuy Linh – Head of Vietnamese Programme
